OUR TRUCKS

Asset Based

Family owned and operated over 30 Years – We know a thing or two because we've seen a thing or two. We've moved everything from small expedite parts, all the way up to the oversized machines requiring permits.

Our Network

Don't trust your freight on a load board, trust Standard Express to handle it with complete transparency. We use our own equipment and owner operators to give you dedicated service with complete transparency. Track any shipment online at: [My.Standardex.com](https://www.mystandardex.com)

OUR TECHNOLOGY

Updates

Keep everyone in the loop with email or text message updates. Does your sales rep want to know when delivery has been made? Does the receiver want to get an update when the shipment was picked up with an ETA? This is all included in our service to raise the Standard of our customers expectations.
